

Exterior Home Design Checklist

COLOR PALETTE

- Do you like warm tones, cool tones or neutrals?
- Have you chosen a main color and two accents?
- Where do you want the colors to appear on your home?
- Does your palette contrast/complement the home's surroundings—landscaping, neighborhood?
- What is your design style?
- Does the exterior palette carry into the interior?

SIDING / TRIM

- What type of siding style is your favorite?
- Do you like wide boards or the shake and shingles look?
- Can you add in a mix of texture?
- What are your priorities for siding?
- What will maintenance be like?
- Are the siding/trim products available in your desired color palette?
- Do you like clean lines or more ornate trim?
- Does your home lean toward a historical home style?

WINDOWS

- What style of windows works best with your home style?
- What window shape do you prefer?
- Can you add transoms or round windows for added design appeal?
- What color window trim do you prefer?
- Do your windows and trim fit in with your overall home style and color palette?
- Would trim in trending colors of dark brown, gray or black work for your home?
- Do you like a lot of sunlight or prefer modest amounts of daylight?

LIGHTING

- How much lighting does your exterior require?
- Will you need walkway lighting?
- Does the neighborhood have street lights?
- Do your fixtures complement your home style?
- Does the fixture color complement your exterior design?
- Does your lighting placement complement your exterior design or is it too bright?
- How does your lighting look from your neighbor's house?
